

"Deceitful Kisses"

Text: **Proverbs 27:6**

Intro:

- What we have contrasted in our verse is the difference between a faithful friend and an enemy.
- A faithful friend will sometimes will do or say something to us that will be unpleasant and described in our verse as a wound.
 - However, the motive behind the faithful friend's action is not one of hurt but help.
 - A faithful friend will point out things about ourselves that may not be pleasant to hear but will help you in the long run.
 - That is exactly what a pastor does with his preaching.
 - He rebukes his hearers sometimes because he a faithful friend.
 - Oh, it may smart sometimes but if he really loves his people then he will do it when it is needed to help his folks grow in the things of the Lord.
 - The pastor is to give you both good and the bad according to the Word of God.
 - He is to give you the whole counsel of God.
- On the other hand someone who is your enemy will try to deceive you that they are your friend by giving you a kiss and hug.
 - You know that type that I mean allowing smiling in your face while they are stabbing you in the back.
 - Our churches are filled with people like that.
